CANTON, NEW YORK

Foreword . . .

WE MAKE AND PUBLISH THIS VOLUME AS A PRECIOUS MEMORY IN LAYING OUR CORNER STONE TO SUCCESS. IN YEARS TO COME, THIS CLASS OF NINETEEN HUNDRED AND THIRTY-FIVE WILL BE REMEMBERED FOR ITS COOPERATION AND FELLOWSHIP WHILE IN CANTON HIGH SCHOOL. THE DELICATE PIECES OF INFORMATION IN THIS "ALGONQUIN" WILL BE CARRIED ALONG WITH US AS WE CLIMB THE HILL TO SUCCESS. EACH TIME WE TURN ITS PAGES, WE WILL SENSE THE THRILL OF OUR GRADUATION AND REMEMBER THE DEAR FRIENDS WHO HAVE HELPED US THROUGH FOUR LONG YEARS

Theme . . .

Knighthood

BOUND BY VOWS OF BRAVERY, LOYALTY, LOVE, OBEDIENCE, AND CHARITY, THE KNIGHTS OF KING ARTHUR RODE FORTH TO SEEK PURITY AND TO BANISH EVIL FROM THE REALM. THEIR TASK WAS DIFFICULT, BUT THEIR HEARTS AND BODIES, TRAINED BY YEARS OF SERVICE, WERE STRONG

SO IT IS WITH US! WE ARE KNIGHTS GRADUATING FROM CANTON HIGH SCHOOL SETTING OUT TO GAIN FAME, FORTUNE, AND SUCCESS AS WELL AS ESTABLISH HONOR AND PRESTIGE FOR OURSELVES AND OUR SCHOOL. EQUIPPED, NOT WITH SWORD AND SHIELD, BUT, WITH A MUCH STRONGER WEAPON, KNOWLEDGE AND IDEALS— MAY WE BE AS TRUE IN OUR FULFILLMENT OF OUR DUTY AS WERE THE KNIGHTS OF OLD!

Dedication

SCHOOL DAYS HAVE COME TO THE FINAL CLOSING; WE HAVE DRUNK DEEP OF THE CUP OF KNOWLEDGE; WE HAVE, TO CARRY AWAY WITH US, THAT THING WHICH WILL FOREVER PERMEATE AND GLADDEN OUR LIVES—FRIENDSHIP. TO THOSE FRIENDS, THE BOARD OF EDUCATION, WHO, DURING OUR DAYS OF CAREFREE STUDY AT CANTON HIGH SCHOOL, HAVE LENT US A HELPING HAND—WHISPERED KINDLY INTO OUR EARS THE ENCOURAGING AND UPLIFTING WORDS—TO THEM INDEED, DO WE WILLINGLY, LOVINGLY, AND GRATEFULLY DEDICATE THIS LITTLE VOLUME

Class Prophecy

It has been the worst of times—it is now the best of times; it has been an age of wisdom—it still is an age of wisdom; it has been an age of depression—it is now an age of prosperity; we had the summer of 1935 before us—we have now the spring of 1945 before us; we were all going direct to examinations—we now are going direct to our daily tasks; and now, my friends, I have given to you the march of time program for 1945.

Our national government is running along very smoothly under its able president's guiding hand who is none other than Richard Given, our Senior Class President.

New York State is content—even the St. Lawrence farmers are prosperous under Governor Robins. Anne has certainly honored our class by becoming the first woman governor of New York State.

Ledyard Pfund has become the world's "Speed King". If the South can have its "Cotton King", we can have the "Speed King". His last record has made Sir Malcolm Campbell's records look small but we'll agree that it's all right as long as Ledyard doesn't break any love records.

Leona Johnson is still living in Canton but she is happily married, so that explains everything.

Charles Nelson and his little red-haired wife are still on the farm.

Marion Roach and Geraldine Farmer are in Ogdensburg State Hospital. Oh, no, they're not inmates there but two of the most capable nurses. "Doc" Sanford has also distinguished himself in the medical world by becoming the most famous surgeon of the United States.

Joe Schaefer has joined the navy to see the world through a port hole.

Ten years have given our missionary, Ethel Bacon, plenty of time for her life work. She has recently completed her tour of the United States. While in Canton, she held her listeners spellbound for three hours by telling them a few of her past experiences in China.

Bert Coleman was the chief architect of the new Canton High School which was completed in 1944.

Harriet Clark is the head of a girls' jazz orchestra in New York City.

Helen Wires is now enjoying life as a country school ma'am. She certainly is preaching what she didn't practice in high school to her little country lads and lassies.

Nelson Fadden is a physical training director and history teacher in Flackville.

Don Place has become an aviator. Although he crashes up now and then, he is in good health.

Arlis Sharpstene is in Sing Sing. He has become a warden there and from all reports is doing good work. He is heard every Tuesday evening over the radio. Listen in if you want to hear a good prison program.

Edna Erickson is a mathematics teacher. She always did like Intermediate Algebra while in Canton High School.

Bart Lynch is now in the African Jungle, trying to teach the Pygmies how to write shorthand. As yet he has had little success.

Harold Thomas has also been traveling but not in Africa. Harold is up in Alaska trying to raise cotton.

Dorinne Cornell has crashed into the movies. In her next picture she will play opposite Clark Gable. Can you imagine that?

Claude Dishaw is now a traffic cop in Canton. No one can pull any tricks over "Claudy", not even Canton High School boys.

Doris Wade now has a chicken farm. Chicken dinners every Sunday, seventy-five cents a plate. Just try one if you don't think they're good.

Albert Bristol is the head of a C. C. C. camp. Now he can tell the boys about every bug in the woods and its habits.

Grace Van Hyning is busy these days on the Morley road.

Pierce Evans is a chemist in Buffalo now, but he and his family often return to Canton for week-ends.

Mildred Brown is operating a small tea shop in Potsdam.

Bernard Leonard, a mechanic of our class, was recently injured in an explosion. He tried to find a leak in a gas line with a match.

Blanche O'Neil is now in Chicago. She married a traveling salesman whose home is in that city.

Billy Sheridan and Richard Peggs are lawyers now. Only lawyers could get themselves out of the tight squeezes that they get into.

Eileen Murphy is now living in DeKalb Junction. She owns and operates a beauty shop in that city.

Mark Patterson is now known as "High Geared Homer II"—he is a traveling salesman attempting to sell "Big Ben" alarm clocks.

Herbert Leonard, much to everyone's surprise, is now playing with the New York Giants. He is planning to visit Canton next year for a few days.

Beth Deyo is a sheriff out in Colorado. She is experimenting with sheep in the hope that they will develop their own personalities according to the essay "Mary's Little Lamb."

Thomas Partlow is in Reno but it's nothing serious. He is the manager of a large hotel there.

Kenneth Jubinville is now a United States Senator.

Mary Collins is now a slim and dashing aviatrix. She pilots her plane between DeKalb and DeKalb Junction.

Frederick McCormick is now a radio comedian filling the place which Eddie Cantor once held.

Walt Gilson is on the same program leading the Chase and Sanborn Orchestra. Walt is still a bachelor.

Dorothy Race is still a nurse in Ogdensburg but from all reports she soon will be working in a home of her own.

Lawrence Lalone is a geometry teacher in Potsdam High School.

Winslow Harmon has just completed his fifth book which is entitled—"Do You Have Correct Manners?" If you are ever in doubt as to what to do at a party, just refer to Winslow's book.

Bill Lytle has become the most prosperous barber of Canton due to the fact that he is happily married to the "one and only".

Margaret Dean has entered on her career as a blues singer. She became a success at once and they say that she is very popular in the studio where she works.

Margaret Brown is doing social service work in New York City. No, she isn't doing it all alone, but her husband is her helper.

Charles Kahala is running a taxicab company, which is doing excellent business. Charles had enough practice doing this in high school.

Helene Safford is running a summer resort, her main guests being life guards. She always did like big strong athletes.

Helen Bolton, who is always so faithful is now living in Washington. What sent her there is hard for some to understand but her friends say that she is going to marry a prime minister, a former student of Canton High School.

Catherine Ragan, believe it or not, is one of the songbirds of the air and she isn't pushing any moon o'er the mountain either. She is a Betty Boop of the air. Listen in next Friday night over the N. B. C. Network if you want to hear a good songster.

Ben Carter is a French professor and what a professor! He can roll those "R's" now just like a regular Frenchman and did he turn out to be a strict teacher! Just ask his "eleves".

Erma Wilson is running her own farm. At present, she has 24 cows, 100 chickens, and one pig. And, of ccurse, Eleanor Cota is also a farmerette.

Geraldine Northrup is the Dean of Women in the Girls' College at Morley. She does certainly lecture those poor girls.

Doreen Rood has become the Home Economics teacher in Canton High School. She succeeds Miss Sanford who, by the way, is now happily married and living in Canton. More boys seem to be taking cooking than girls, but there, times are changing.

—Doris Wade.

Class History

F ollowing the days of Grammar School
R ugged were our ways. We made many
E rrors which we laugh about these days. Our
S atisfactions were at last reached when
H appy was our president, Billy was the Vice Keeper
M anager Winnie was the book and Money Keeper. The
A ctivity was a sleigh ride but we have
N ever had one since. It must have been too cold.

S ophomore days were begun and wiser were our ways
O ral English was our pride. We
P ainted castles in the air and laughed until we cried.
H elen Schwartz, called "Elaine, the fair" was Class Adviser.
O fficers chosen were Partlow, Harmon, and
M iss Helene. Studies became much harder
O ver the preceding years; because we
R ecall the "Tale of Two Cities" as our
E nglish assignment and now it is read by Seniors.

J unior days approached. At last, we were not
U nderclassmen as we once were.
N ow we had charge of the prom. Suppose the
I nk well would go dry, then, we couldn't write
O n the experience, some had in selling hot dogs
R aw at the football game. Officers? Figure this out—a "bill"
for a "bolt" to a "ford".

S enior days at last had come. My, but
E very Senior was in something those days.
N ational Honor Society, plays, clubs, parties, and circus.
I nterest in school life was aided by these activities.
O ver was the Senior Ball. The Squires at last
R eceived their highest rank, "Knighthood". —Ethel Bacon.

H ello! Yes, we are the Freshman Class!
I magine we have been invited to become
S ophomores! How fast the year has gone!
T omorrow, we will be Juniors.
O h! No, it can't be! But yet—now we
R ank as Seniors of Canton High School,
Y es, we will soon say we are the Alumni.

As the clock strikes twelve never to strike that same twelve again, so do our school days draw near the end. As we look back upon those happy days, we might hear these words:

"Gone are the days when our hearts were
young and gay,
Gone are the days when we cry and laugh
and play,
Gone are the days when we stayed in after
school;
But we never will regret that we learned
the golden rule."

A class history does not begin with the Freshman year; but it dates to the time when we started to school either in kindergarten or the first grade. As the years have rolled by, we have learned, not only things from books, but things of the spirit which will help us along the road of life. We, as Seniors, wish to express our appreciation, not only to the High School teachers; but to the Grammar School teachers who aided in pulling us out of the ruts and leading us on to higher ideals.

CLASS SONG

(Tune: "Every Day")

Now that we are leaving you,
The school that we all hold dear,
We hope to be remembered here
By others coming on.

We have worked and we have played
These four years within your walls,
To keep our banner waving high,
With its yellow and brown.

This class leaves with you its star
To prove that you will always successful be
By word of a tongue or a pen, a gift that we'll bring,
Then as the years go by—

We will walk along life's way
With you as our guiding star;
You'll always keep us going right,
Our dear old C. H. S.

—Eileen Murphy,
—Geraldine Farmer.

CLASS POEM

Canton High, these past four years
We've spent within your walls,
And now, we give one last look back
To see your well-known halls.

Our memories of you are dear;
We'll keep them all our life.
We'll think of you from year to year—
Through any pain and strife.

At first, we walked your halls with awe
Timid, 'till we understood;
But when our Freshman year was through,
We realized your good.

Now our fourth and last year's gone,
Our life with you is through;
But no matter where we roam
We'll always think of you.

—Anne Robins.

Place—Study Hall.

Time—Just during school hours.

Characters—Teacher in attendance—it is left to your own ingenuity to tell which one.

Sundry pupils in various parts of the room.

As the curtain goes up, just after the ringing of the bell, the students seem averse to settling down. After some five minutes' vain attempt, the teacher finds that his (or her) voice may be heard above the hub-bub. You may be sure things quiet down in a hurry! Studying goes on undisturbed for five minutes while notes are passed unnoticed and whisperings escape the "all-seeing eye". Suddenly from the far corner of the room comes a command, "John Heaton and Bunny Russell, stop your talking!" Contagious snickers soon stop under the glare of the teacher's eye. Suddenly someone snorts and giggles are heard from all sides. A note has proved too humorous for the receiver. The teacher smiles with a far-away smile as order is restored. The remaining period is punctuated every so often by commands for silence and accompanying quickly-silenced snickers. At last the bell rings and the hub-bub starts again. "Yes, wasn't that note too funny for words!" Well, one more period gone! —Anne Robins.

Junior Class History

A little bird told me it would be a good idea to have the class of '36 give an account of itself.

The first two years few things happened—of note: As Freshmen we had the following class officers—President, Richard Lobdell; Vice President, Mary Elizabeth Pike; Secretary and Treasurer, John Smith; Athletic Representative, Frank Thomas. Mr. Blankman was the Faculty Adviser.

As Sophomores we had a quiet time taking abuses from the upper classes. The class elections resulted in the election of Frank Thomas, President; Erma Thornhill, Vice President; William Walsh, Secretary and Treasurer, and Robert Leonard and Garold Stone, Athletic Representatives. Mr. Danforth was the Class Adviser this time.

After leaving the Sophomore Class, we felt that we were getting somewhere. Everyone must admit that our Junior Prom was one of the "duckiest dances of the decade". We danced to the sweet strains of the "Melody Vendors" and were sorry to see morning come.

We wish the class of '35 the greatest success possible after leaving Canton High School. We are looking forward to our Senior year with enthusiasm!

Your Announcer,
"Willie" Longshore.

This year the "Wash", like everything else, has felt the depression—nevertheless, it has paid all its bills. Not only has it come out of the red, but it has some money left in the treasury to start with next fall. Every year improvements have been made, and undoubtably next year will find a bigger and better "Wash". And remember—"It all comes out in the 'Wash'." —Rex Rexford.

The completion of this school year brings to a close the seventh successful year of the Masquers. The annual play, "Sun-Up", was presented early in the spring, after which four sophomores, eight juniors, and one senior were admitted to the club.

Although the Masquers is losing ten members this year through graduation, we know others will be taking their places and that the same old spirit will be present in the coming year. Miss Gage has done a great deal for this organization and under her guidance the Masquers will continue to flourish.

The XYZ?'s began in the year 1908, and have proved very successful. Their success has been due to the picking of those, who have high scholastic standings, athletic ability and high morals.

The fraternity has had an eventful year with many meetings and several social gatherings at the High School.

The fraternity was well represented in athletics, placing nine members of the football squad and eight members on the basketball squad.

The social probram included a combined OAP-XYZ? sleigh ride, a party at the high school, a banquet and a picnic.

FOOTBALL

For the first time in recent years, Coach Oliver was hampered greatly by lack of material. Canton had a light and inexperienced line with a fairly good backfield.

The first game of the season was with Massena which resulted in a 31-6 win for Massena. Claude Dishaw carried the pigskin for the lone touchdown.

The league games were very disasterous for Canton. We won only one game which was from Potsdam by a score of 13-0. Although Canton was out-played in her league games at no time was she out-fought!

Coach John Oliver will lose Dishaw, Fadden, G. Thomas, and Kahala by graduation, but he has a strong nucleus around which to build a team next year. Those who will be out for the team next year are F. Thomas, Lobdell, Nash, Patten, M. Cunningham, Longshore and Ensby.

The class of '35 wishes the team the best of luck.

TRACK

The track men reported to Coach Oliver on April first. The first to sign up of those who wore the Yellow and Brown colors last year were Dick Given, who was tied for first place in high jump last year in the sectionals, Jack Moore, Willard Longshore, Frank Thomas, Glenn Ensby and Doc Sanford. In addition to these experienced men Coach Oliver had several new men from which to pick a team.

SCHOOL BAND

Under the able leadership of Miss Elizabeth Dominy, our band was organized in the fall of 1934. By December we were ready for our first concert which was a success. Because of this success, we won the most coveted part of our band—the baritone horn and the bass horn. During the year we made several public appearances—including the championship basketball game, the school circus and two concerts. We entered a contest at Massena in April in which we won first prize.

Under Miss Dominy's direction, both the orchestra and Glee Club have been reorganized with twenty-six members in the Glee Club and sixteen in the orchestra.

The orchestra which played for the annual school play "Sun-Up," for the Speaking Contest and for the graduation exercises is composed of the following members: Violins, Barbara MacVey, Margaret Dona, Maxine Davis and Robert Kershaw; flutes, Anna Harriett Barber and Ruth Peters; clarinets, Ralph Dona, Robert McCartney and Muriel Wight; cornets, Horton Tupper, David Wight and James McCormick; trombones, Donald Barbour and Genevieve Barber; saxophone, Warren Thompson; pianist, Gertrude Brown.

As for the Glee Club, it has been very busy, singing at the Christmas Program and the Graduation Exercises. The Glee Club, also, attended in full force the conference held in Potsdam "in the merry month of May". The "Pittsburg girls" spent the week of March eleventh at Pittsburgh. There they took part in the radio broadcast of the chorus of four hundred voices, as well as, in the final concert given on Friday, March thirteenth at the Syria Mosque, Pittsburgh's largest Concert Hall. Upon returning from the conference the girls took part in various concerts at Potsdam and Canton.

The year 1934 marked the beginning of a new society in Canton High School—the National Honor Society. This group is composed of the members of the Senior Class who have the highest school averages. The purpose of the society is to promote enthusiasm for scholarship, and to render service along this line. Seven members of the Junior Class were initiated late in the Spring. They were Barbara MacVey, Harold Russell, Marion Cotter, Helen Pollock, Mary Elizabeth Pike and Margaret Currie.

—Ledyard Pfund.

SCHOOL CLUBS

In the spring term of 1934 various clubs, centering on the different subjects taught in the school, were formed. These met during the first class period on each Monday. The periods rotated — that is, on the second Monday, the second period was used for this purpose.

In the fall and winter semester of 1934-35 the first meeting of these clubs was held during the first hour period of Monday, October 15th. Many new clubs were formed on that day. One of these additions was the Photography Club. Each Monday during this same hour, until the middle of May, the clubs met regularly. Picnics and dances were frequently sponsored by their members.

I believe two of our most helpful and progressive clubs to be formed were—the Parliamentary Club, conducted by the third and fourth year English teacher, Mrs. Cunningham; and the History Debate Club, self-governing but under the dominance of Mr. Danforth, history teacher.

Those who did not choose to join one of these many clubs stayed in the study hall under a teacher's supervision.

At the present time, these Monday morning clubs are most helpful institutions and highly favored by the students. They will probably become even more popular as they more firmly establish themselves in high school life.

—Winslow Harmon.
